EPACT 2005 Energy Workshops

- **Week long workshops to provide training to Corps District and Installation DPW personnel on compliance with 30% Better Requirement of EPACT 2005 for Army facilities**
- **Funded by HQ USACE**
- **Three workshops in FY07: Louisville, Ft Sam Houston and Ft Bragg**
- **One scheduled in FY08 – Monterrey? Mar 08?**

Workshop Topics

- **Overview of regulation and DOE interpretation**
- **Standard 90.1-2004 in full detail**
- **Results of Army EPACT Study**
- **EPACT 2005 Compliance Paths for Army facilities**
- **Building Air Tightness**
- **Building Pressure Testing (including hands-on)**

Lessons Learned

- **Much positive feedback from attendees about course benefit to them**
- **Need more involvement of installation staff in Army courses**
- **Course material continually evolving**
- **Need follow-on perpetual course(s)**
 - **PROSPECT course (for Corps and Army folks)**
 - **DOE/DoD/GSA course for all federal sector**
